

## **Help Drinking Liberally! Tip Your National Network Today**

DL has grown to 175 chapters around the country...but we're still supporting it the way we did when we were just a group in a backyard in Manhattan. It's an all-volunteer staff that supports this network, and we've been *paying all our costs out of our pocket*. That includes:

- Server space, domain fees and assorted web costs
- Legal fees (even a scrappy grassroots network needs a lawyer)
- Buttons – we send starter packs to every new chapter, and subsidize the cost when you want more

The list of expenses goes on. Plus, with a little money we could take advantage of opportunities to help all chapters around the country:

- Better marketing materials
- More give-away items
- Improved email services

Can you help us out? You already tip your bartender and waiter... **Please tip Drinking Liberally today.** We promise our service will be worth the gratuity.

You can give a tip to your Hosts; they will send it in. We'll post on the site what we've received from each chapter so you know where your money is going...and how generous your chapter has been.

Thanks – and keep promoting democracy one pint at a time!
